Central Commission for International Relations

Cairo, November 9th 2021

To: International Commission of the Left Party of Iran (People's Fedaian)

Dear comrade Rosa Roozbehan,
Dear comrade Mehdi Ebrahimzadeh,

On behalf of my comrades in the Socialist People's Alliance Party (Egypt), I have the honor to congratulate you on the second Congress on November 12-14, 2021, which continues its courageous struggle for defending the basic rights of the peoples of Iran in general, and the disadvantaged and the marginalized in particular.

We, in the Socialist People's Alliance Party, cordially wish that the Congress of the Left Party of Iran would succeed in accomplishing its important tasks. We follow up, with great admiration and appreciation, the activities of your party, especially in your struggle against religionization of politics and the politicization of religion, the resulting human rights violation and the loss of state of law, women rights and distortion of class-consciousness among the masses. Both our parties are struggling to move the LEFT Parties in the entire Middle East to be a decisive factor on the resistance axis against the imperialist attack on our peoples. The people's uprisings since December 2010 in almost all Arab countries are just the beginning of this movement.

We highly appreciate a fruitful cooperation between our party and the Left Party of Iran, and look forward to strengthen the relations between the two parties in the future. We are certain that our solidarity is of great importance for addressing the global and regional threats posed by the Imperialist forces, which continue to spread aggression and destruction worldwide. Our party in cooperation with a number of other like-minded political forces are now building the new form of unity of the LEFT all over the world, the task that appears as the most important to save humanity from the danger of decaying capitalism. Both our parties understand well the utmost necessity of combining the local, regional and global struggle.

Long live the solidarity of the peoples of Iran and Egypt
Long live the struggle of the peoples for Freedom, Justice, Equality and Human Dignity
LONG LIVE INTERNATIONALISM

Mamdouh Habashi
